# 603 BIB

**Cleaning once a month**  
Certified procedure to clean the soft unit without disassembling most of the parts

**tap**  
self-closing option

**refrigerated cabinet**  
a few parts, and easy to access

**bag-in-box option**  
the bag filled with liquid mix is directly connected to the pump

**peristaltic pump**  
high efficiency and high increase in volume are granted. The pump is easy to assemble and reduces all consumptions: it only works when you need it!

**3x beater**  
top performance both with both soft gelato and frozen dessert

**Dialog System**  
state-of-the-art solution. It provides real-time support, checks and changes the parameters of the machine, updates the software automatically

## Why should you buy BIB?

Because our electronic system grants a perfect structure, providing an instant and accurate consistency control.

Because the patented peristaltic pump transfers the gelato mix and air from the tank through the compression tube, achieves high increase in volume, grants high productivity and easy maintenance. It allows the user to treat also dense mixes.

Because BIB possess all you may ask to a top range, last generation unit.

But is also a customer-friendly unit.

# 603 BIB

## TECHNICAL SPECIFICATIONS
