603 soft&shake

Cleaning once a month

Certified procedure to clean the soft unit without disassembling most of the parts

tap

self-closing option

refrigerated cabinet

a few parts, and easy to access

bag-in-box option

the bag filled with liquid mix is directly connected to the pump

peristaltic pump

high efficiency and high increase in volume granted. The pump is easy to assemble and reduces all consumptions: it only works when we need it!

3x beater

top performance both with gelato and frozen dessert

Dialog System

state-of-the-art solution. It provides real-time support, checks and changes the parameters of the machine, updates the software automatically

603 soft&shake
